

LESSON 1: ACTIVITY 2

The Power Of Knowledge

The jigsaw person on this worksheet is an informed consumer.

Work together to think about what people need to know or do to be informed when they are shopping, for example an informed consumer would 'know how much they want to spend,' or 'compare prices' before they buy etc.

Use either words or pictures in each of the jigsaw pieces to say what you think informed consumers know or do when they are shopping.

The Informed Consumer.
