

LESSON 5: HOMEWORK TASK

Needs and wants

Look at each of the items in your weekly Spending Diary.

Think about each item – is it a ‘Need’ or a ‘Want’?

Once you have decided, list each item in either the ‘Need’ or the ‘Want’ column in the table. Include the amount you spent on each item beside the description of the item.

When all of the items in your Spending Diary have been written into the ‘Needs’ and ‘Wants’ table

- Add up the total amount you spent on items that you think are ‘Needs’
- Add up the total amount you spent on items that you think are ‘Wants’.
