

Lesson 7: Homework Task

Travel insurance

Lucy has heard that you are learning about insurance in school and she is hoping that you can help her.

Read the email from Lucy below.

Research multi-trip/annual travel insurance and find the best deal for Lucy.

Write a 160 character text message (including spaces) to Lucy telling her which travel insurance policy to get and giving her one reason why this is the best deal for her.

To me ▾

Hi, my name is Lucy

I can't wait for the next year! I'm going to Spain with my friends in July to celebrate finishing school, and then I might be going skiing in February. I'll need a fair amount of money to pay for it all but I've got a part-time job for the summer and will be able to keep up most of the hours when I start college after the summer. Even though I'm 18 my parents are a bit concerned about all the travelling. I have health insurance as I'm covered under my family's plan but my mum is a worrier. She insists I get travel insurance but she said she'll pay for it if I can get the best deal possible. I know I need to get annual travel insurance because I've possibly two trips lined up but otherwise I'm a bit clueless! I've heard you are learning about all this sort of stuff in school. Can you help?

Thanks,
Lucy
