

Resources & Income

Section 2:

Activity 1

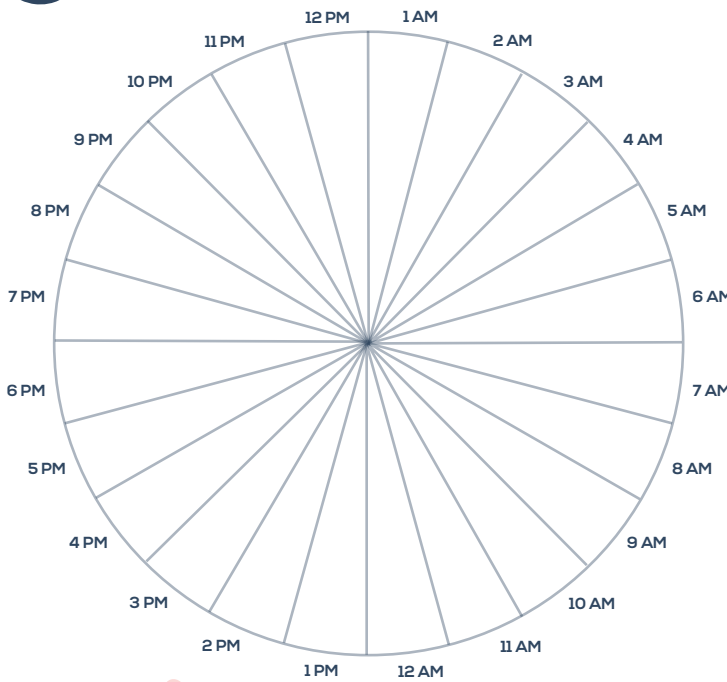

Time as a resource

You will often hear people say that time is a person's most important resource. Consider your own time as a resource.

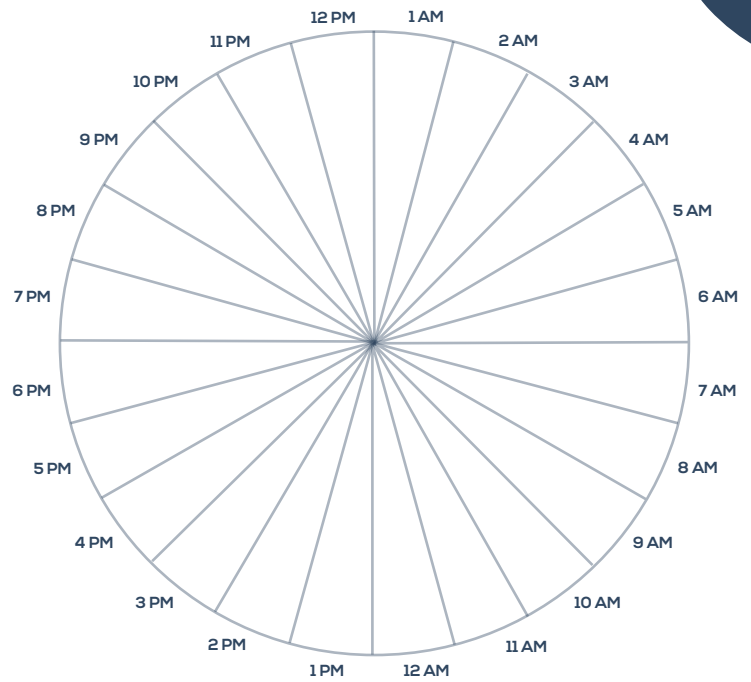

What do you spend your time doing? List all of the activities that you do in a day such as sleeping, attending school, schoolwork and study, hobbies etc.

Shade in the diagrams below showing how much time you spend on the various activities.

During the week

Weekend

1

Suggest some ways that you could generate income if you chose to allocate some of your time for this.
